WHITEPAPER

STORY OF THE GAME

Galactic War is an AAA game with top-class graphic design and multiple choices of gameplays. Game is based on the simulated activities of virtual reality (VR) metauniverses which contains mysteries and hidden secrets in The Milky Way. Built on the Unreal Engine, **Galactic War** will bring the best gaming experiences to you.

The constant struggle of the 4 main universes: Alpha, Beta, Gamma, Delta always exists in the Milky Way.

Every universe hides its mysterious secret about lives and minerals. They are constantly expanding their prestige and conflicts between them never seem to stop.

Galactic's players will be transformed into leaders of the high and mighty army to fight, invade those valuable resources and become the mighty captain in the universe.

To survive the struggle between those universes and invade high valuable rewards, Galactic's players will be transformed into leaders of the high and mighty army to fight.

Galactic War is designed with magnificent graphics which provides players sharp and unique images of the spacecraft, planets,... . With the strong influence of Metaverse trend, Galactic promises to bring amazing experiences to all the players.

MISSION AND VISION

1. Mission

Galactic War team believe in the evolutions of the gaming. Our mission is to build a game which attract player at both aspects: Gaming and Finance base on the exploding blockchain technology. We believe that Galactic War is a game which can be a part of the Metaverse, where everyone becoming what they wanted to be.

2. Vision

We have a strong faith that blockchain technology will change the world in every aspect. Gaming is just a part of it, and we cannot stand out of this passionate movement. With Galactic War, we believe we have our first step into the Gamefi world, and our first step to the Metaverse.

Galacticwar is inspired by the mysterious and beautiful world of Elematris, our mission is to build a comprehensive platform of digital monsters that will enable millions of individuals to participate in the NFT and blockchain-based gaming world in a simple, creative, and enjoyable way

FEATURES

GAMEPLAY

1. NFT

- We have severals NFT in our game, including: Characters,skins and planets. Each NFT will be highly contribute in some parts of the game, including characters and skins for phase 1, and planet for phase 3

- For the phase 1 gameplay, you must first select a combination of skin character from your collection. Each are unique and ranked as Common, Uncommon, Rare, Legendary and Epic. The higher the items are ranked, the higher the winning chance of players. After winning, you would be rewarded with the tokens (GLW) and experience points.

- Skin increase t
  Each of NFT will be sell at the intial amount of (...), then people will have to mint the NFT with resources from in-game activies.
  Our goal is to build a game with highly gaming experience while still maintaining the reward for our gamers.

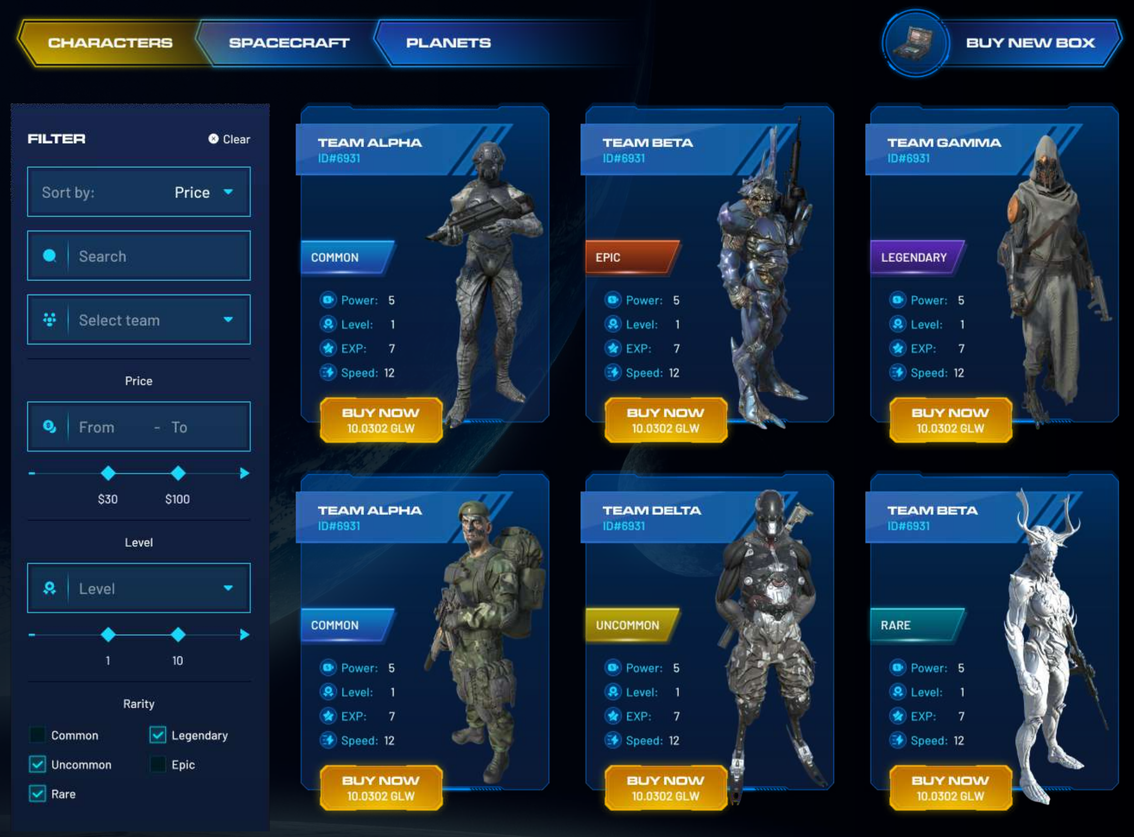
CHARACTERS

Characters are the main NFT in the phase 1 gameplay

In Galactic War, players will be transformed into leader of the army to compete against other players. There are 4 teams : Team Alpha, Team Beta, Team Delta and Team Gamma.

Each character in Galactic War is a unique NFT creature and players will have multiple choices of characters to purchase in Marketplace.

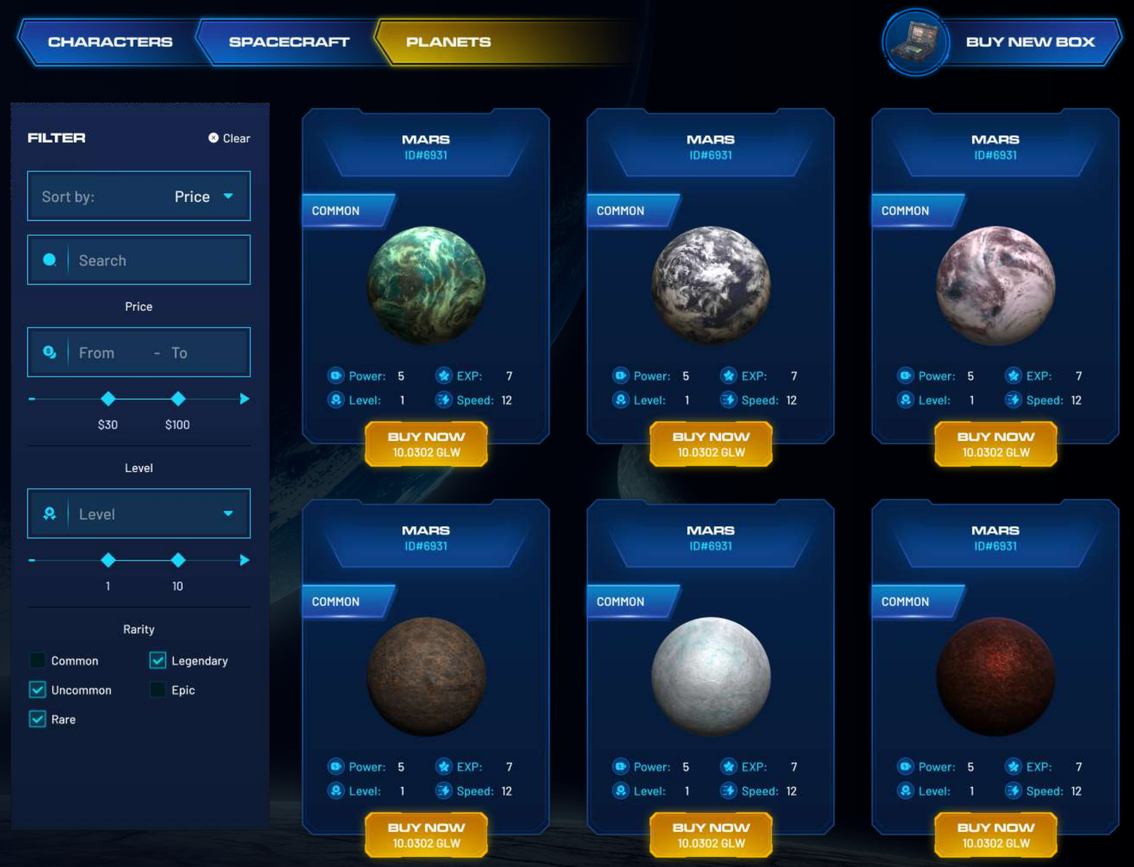
Characters plays an integral part in the in-game battle, each character has different stats: power, level, EXP and speed. These stats will be a plus in the gameplay.



PLANET

Finally, to join the battle of armies and invade resources, players can purchase planet in Marketplace and start their journey with Galatic War.

Planet is the main NFT for Galactic War phase 3, with the metaverse available, a lot of feature are coming within.



SKINS

Immerse yourself in the world of fashion, with a lot of differents skin, coming up with the well-designed costume. Not just fashion, the skins will increase your power in the game.

There are a lots of way to get your skins: through gameplay, random dropped reward, or you can buy skin boxes in our Galactic Store.

SKINS

We have two type of skins:
- Guns and knives skin: Including skins for guns and knives.
- Costumes: Including clothes and accessories

All of the skins are NFT, and can be traded through our marketplace.

GUNS AND KNIVES

Galactic War provide you default gun in the game, but if you want to take some advantages against other players, NFT guns is for you.

An NFT gun can achived by 2 ways: Craft and box open.

Crafting: Craft the skin from GLW token and material from
in-game activities.

Box open: You can open the box in the shop to have the chance to get knives.

Knives is exclusive, can only be achived in box open with a very small chance.

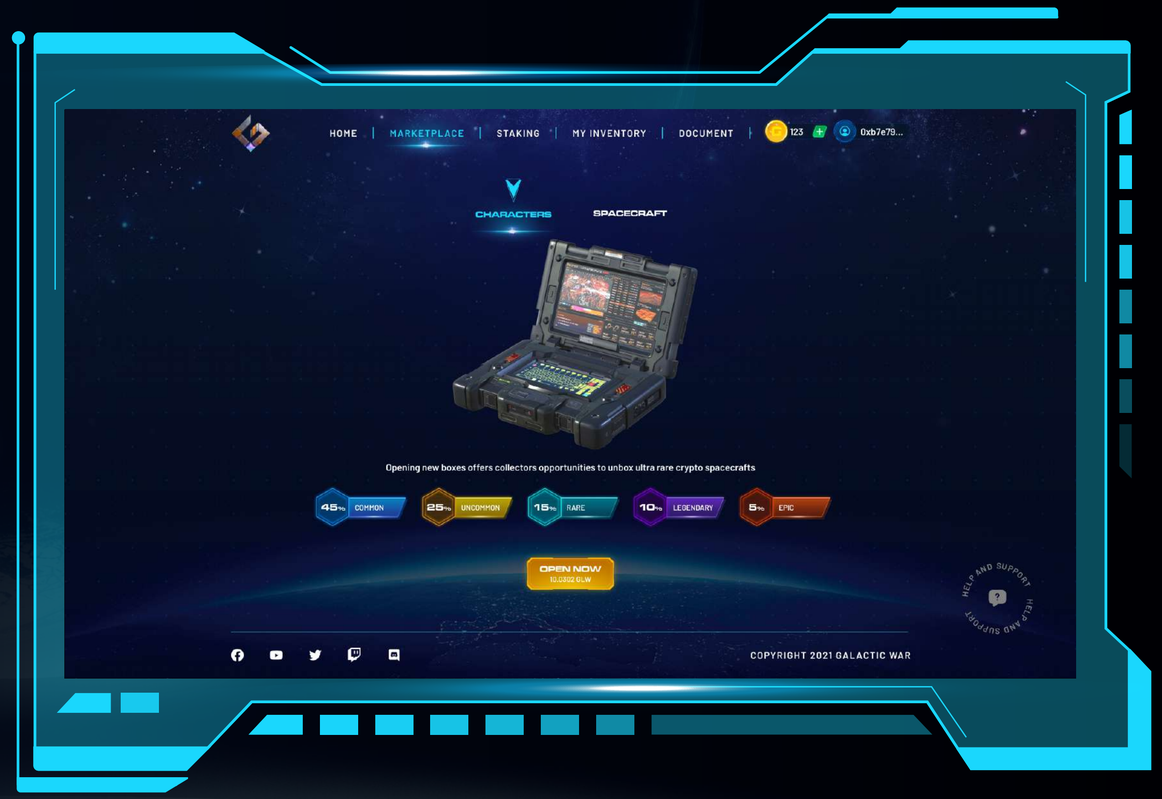
An NFT gun will have a random skin, repainting the gun is available.

NFT BOX

Our first NFT: Characters will be sell as boxes. User will be able to open the box and have chance to get exclusive NFT with different rarities.

Later on, there will be NFT skins box, which can be dropped from the game (Locked NFT boxes) or buy from the store with different skins inside.

Try your luck to get our exclusive NFTs.



NFT BOX

We also provided NFT skins box: Including our NFT Skins in the Galactic Store.

You can user GLW token to buy this box, and try your luck to get exclusive items from our box.

As NFT skins increase the power of the characters in real game, owning some skins with bonus stats fit your gameplay style is very important.

Also, the locked NFT boxed drop from the gameplay can be open with the key from our store.

2. FEATURES

HEALING

Characters will have a heal stat. Health will start at 100 when you buy an NFT and is reduced after fights. A fight will cost you 20 health.

When health reaches 40, you will have to heal the character to continue playing.

Heal will cost you a certain amount of GLW token.

PERSONAL SUPPLY

Exclusive in the Battle Royale Mode
Tired of looting? Then the personal supply is for you.

The personal supply will contain your personal guns, with others consumeables base on your choice.
Open the Supply will cost some GLW tokens.

3. BATTLE SYSTEM

BATTLE SYSTEM PHASE 1

You will become the soldier in the galactic war, fight for your honor and your lord's will in a First person shooter game (FPS). A team will contain 5 to 10 players, with different rules.

The battle field can be anywhere, in the space craft, in the space center or maybe on a strange planet. Find the best way to get the terrain's advantages.

Character is needed to play in Phase 1, each character will have different abilities base on the rarity and team of character.

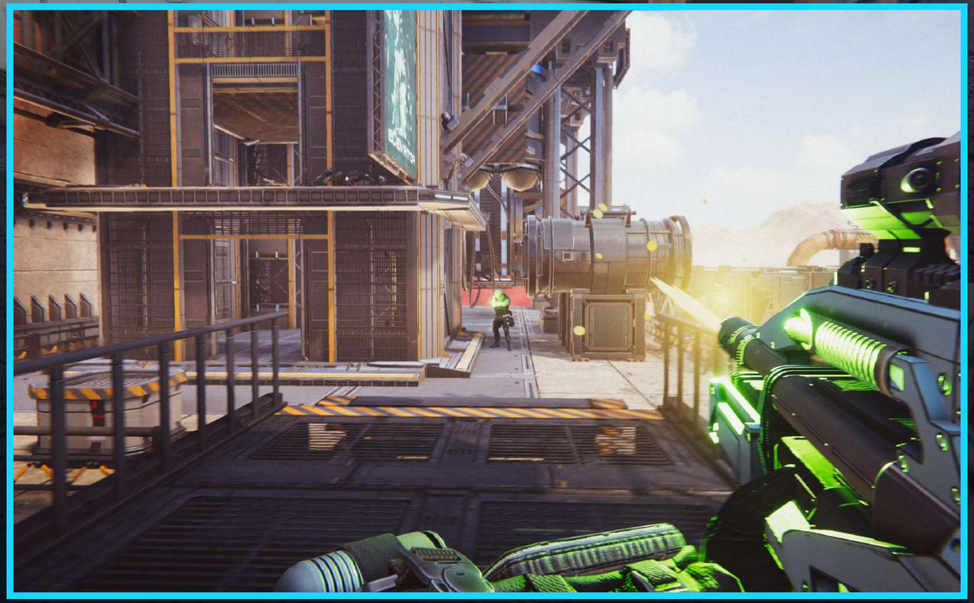
BATTLE SYSTEM PHASE 1

THE FPS GAME

There are 3 modes of gameplay at the first phase of the game, including Deathmatch, Bomb, and Battle Royale.
In each game mode, players will compete against others to become the winner. Use your skills,
use your mind wisely because the war is very disastrous.
Compete in the very first AAA game of the blockchain world, earn yourself huge rewards from Galactic War

BATTLE SYSTEM PHASE 1

DEATHMATCH



Deathmatch: Pure-skill

The Deathmatch mode is where people show their pure skills. No tactic needed, find opponents, get kills, and be the top of the world.

Each deathmatch will have 10-20 players, while top 50% of the match got reward as GLW tokens. A match will last for 20 minutes.

BATTLE SYSTEM PHASE 1

COMPETITIVE MODE

Competitive mode: Where you become real Pro-gamer.
A classical game mode which you will have to defense the bombsite as the Guardian, or attack the bombsite as the Invader. A game where real tactic become the matter. With each round, you will be able to buy equipment to fight. Play wisely, because only the winners will get rewarded.
There is a small fee of GLW token to play Competitive mode.

BATTLE SYSTEM PHASE 1

BATTLE ROYALE

Battle Royale: The Survival game

Play as 1,2 or 4 players. You will form a team, dropped on a strange planet, trying to survive as everyone on the planets are trying to kill you.

Loot item, move in the Play Area, and try to become the winner to get a huge reward.

BATTLE SYSTEM PHASE 2

THE METAVERSE

As a planet owner, you will have to contrucst building, training your own army to become the greatest empire in the universe. There will be fight among empires to steal each other's resources.
With VR technique, you will step into the universe with your own eyes. Do everything you want on your own planet.
Planet is needed to play in phase 3. Each planet will have different resources and advantages.

BATTLE SYSTEM PHASE 2

THE METAVERSE

What will you do in phase 2?

- Gathering resources
- Construct buildings
- Training Armies
- Upgrade your technique
- Conquer other planets

FACE THE ENEMIES

TRANSFORM INTO A SOLDIER, FIGHTING AGAINST ENEMIES IN DIFFERENT GAMEPLAY MODES: **FLAG-CAPTURE, BATTLE ROYALE** AND MORE.

GALACTIC WAR
[GLW TOKEN]

GALATIC WAR TOKEN (GLW) IS A BEP-20, AT THE SAME TIME: GOVERNANCE AND UTILITY TOKEN FOR THE GALATIC WAR GAME. GLW IS USED IN GOVERNANCE AND ALSO USED AS GAME REWARD IN THE GALACTIC WAR ECOSYSTEM.

- Contract Address: [INPUT TOKEN CA]
- Audit report by Certik.io (Link)

Galatic War Token (GLW)

GLW TOKEN

The goal of introducing GLW token is to provide a convenient way of payment and settlement between participants who interact within the ecosystem of Galatic War Game. Players and holders use GLW Token for:

- Bet on battle
- Staking
- Purchasing for Spacecrafts, Characters
- and Planets on Marketplace
- Purchasing NFT Boxes.
- Upgrading your NFT
- Healing characters.
- Dao Voting

GLW is the main reward for any activities in the Galactic War ecosystem. You will be able to harvest GLW from playing Galactic War in all modes. The quantity of the rewards will be differents considered by the mode you are playing, and the rarity of the NFT you are having.

With this one token system, we will be able to reduce the inflation rate and build up a strong economic system while still maintaining the reward for the players.

GLW TOKEN

Sustainablity: With a strong wills to build a sustainability ecosystem, we have our burning mechanisms in our game, and burnt tokens will be returned into our Game Incentives Pool with a fixed percentage:

95%

Token will be returned into Game Incentives pool

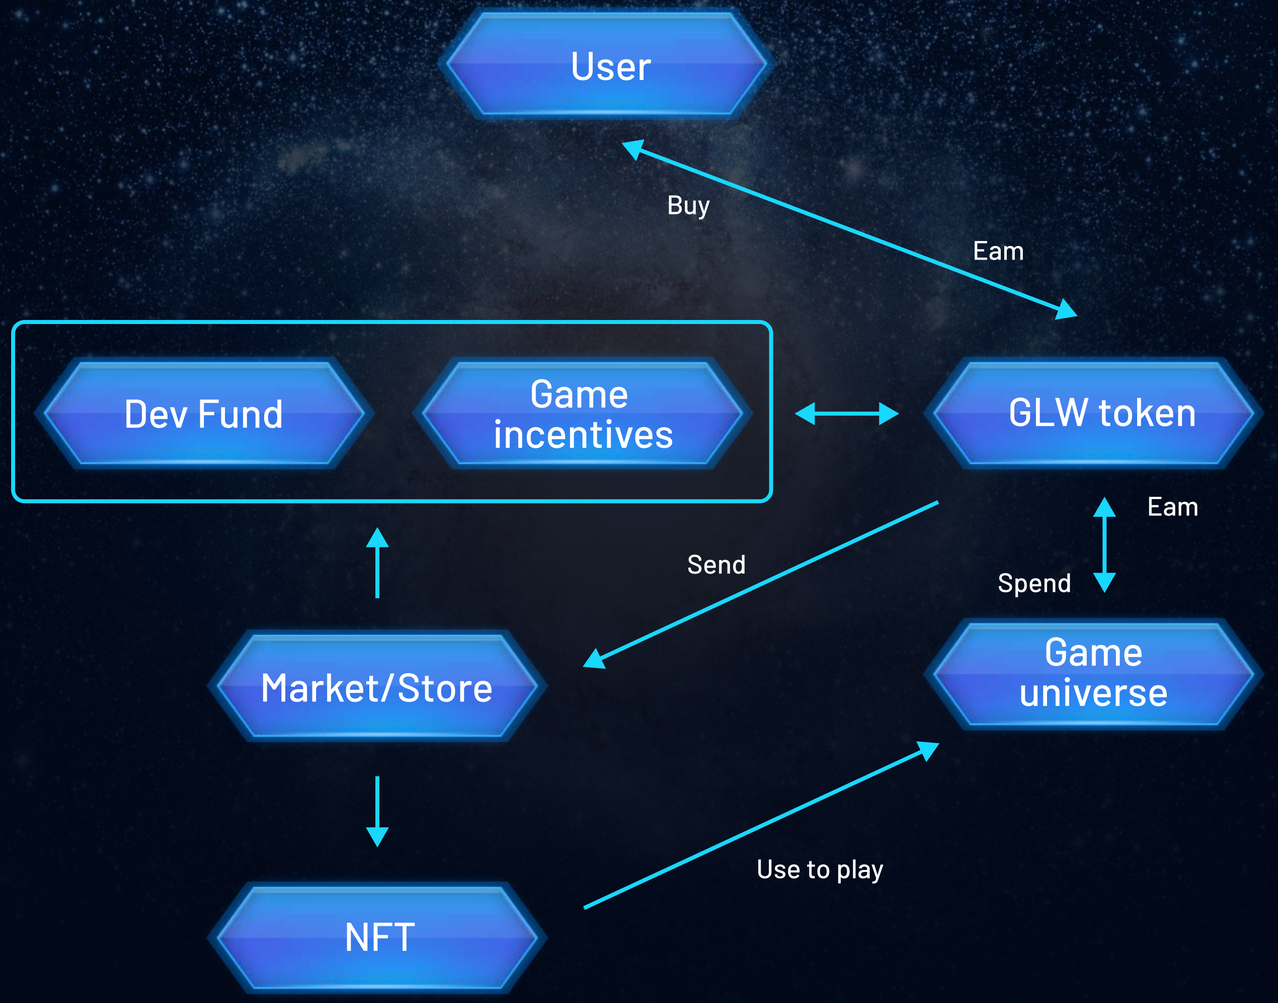
5%

Token will be returned into our Ecosystem funds

Also, GLW token will be burned in game activites, including:

- Upgrading NFTs
- Crafting NFTs
- Repair/heal NFTs
- Buying skins
- Unlock skills - ingame
- Survival

BUSINESS MODEL



TOKENOMICS

Our token is distributed through three steps: Seed round, Private Sale and IDO. Our goal is to balance the demand and the supply of the GLW token and have a strong economic system in our game. With a total supply of 1 billion, and the circulating supply when we launch the project is ***20,500,000 tokens.***
